Asset Finance Factsheet

Asset finance is collective term for a range of finance solutions including hire purchase, refinance and leasing. Asset finance continues to be one of today's most popular methods of financing business equipment. Almost any item can be financed allowing our customers to equip their business today for an affordable monthly cost whilst preserving working capital.

With a low initial payment and various terms available, our range of commercial finance solutions can help you acquire the best equipment for your business rather than what your cash resources dictate. The difference between the best solution and the cheapest solution may actually only be a small increase in your monthly payment.

Hire Purchase

A purchase finance agreement with confirmed ownership commonly used for vehicles and machinery. The entire VAT element is payable upfront together with a deposit, typically 10%. You can offset your interest and charges against pre-tax profits.
